Hello again, from what is truly the sunny south east of Ireland! The weather has been really glorious this April, and we are pleased to say that maximum numbers of our guests are benefiting from this sunshine as the cottages are fully booked out this month, but we still have summer availability - see offers on this page and page 2. ~ John & Helen.

Family Fortnights

Every year about this time, a number of our customers contact us requesting a fortnight in July or August, and we never have any left! This year we have reserved a few fortnights in July, and one fortnight in August, for our guests / subscribers, (see availability chart on page 2). So, if you would like to come to us for two weeks this summer, please call or email us soon to book your fabulous family fortnight.

Donkey Watch

Our donkey mare, Silver is in foal again, but we can't predict her due date with any accuracy. This is because gestation is variable in a donkey. Healthy, live foals are born ranging from anything between 10 months 2 weeks to 14 months 1 week.

So we 'expect' a foal somewhere between mid June and end of September.

Easter Bunny comes Early

You know that expression 'breeding like rabbits'? Well, rabbits are PHENOMENAL in this department. The children's rabbit had 9 babies before Easter, (see 'Button', left). Then just 30 days later, she had 8 more baby rabbits, see right. And she's only 6 months old.....

Or should we say 'who' ?

Phelim Byrne is the tutor and award winning chef at his Cookery Academy in Wexford. A full day course is packed with information and tips, and of course fabulous food! The most popular themes for day courses are Italian, Thai, Modern Irish and Speedy Suppers.
